Redeemer is a multi-generational and multi-ethnic community, a dynamic environment in which to grow and learn together. We seek to glorify God in our opportunities for worship, learning, and service that move us forward to be people of compassion in the church, the community, and the world.

Redeemer offers two styles of worship - a traditional Sunday service with choir and organ, and a contemporary service with a worship band. In light of the COVID-19 pandemic, in-person services are currently being offered within the Minnesota Department of Health guidelines, including social distancing and mandatory mask wearing; we are also offering streaming services for those who are not able or comfortable to attend in person.
